

BIOGRAPHY

Steven H. Woolf, M.D., M.P.H, Professor, Departments of Family Medicine, Epidemiology and Community Health at Virginia Commonwealth University

Steven H. Woolf, M.D., M.P.H, is Professor at the Departments of Family Medicine, Epidemiology and Community Health at Virginia Commonwealth University. He received his M.D. in 1984 from Emory University and underwent residency training in family medicine at Virginia Commonwealth University. Dr. Woolf is also a clinical epidemiologist and underwent training in preventive medicine and public health at Johns Hopkins University, where he received his M.P.H. in 1987. He is board certified in family medicine and in preventive medicine and public health.

Dr. Woolf has published more than 100 articles in a career that has focused on evidence-based medicine and the development of evidence-based clinical practice guidelines, with a special focus on preventive medicine, cancer screening, quality improvement, and social justice. From 1987 to 2002 he served as science advisor to, and then member of, the U.S. Preventive Services Task Force. Dr. Woolf edited the first two editions of the *Guide to Clinical Preventive Services* and is author of *Health Promotion and Disease Prevention in Clinical Practice*. He is associate editor of the *American Journal of Preventive Medicine* and served as North American editor of the *British Medical Journal*. He has consulted widely on various matters of health policy with government agencies and professional organizations in the United States and Europe, and in 2001 was elected to the Institute of Medicine.
